THE LOGO

The primary logo unites three elements: the illustrative massage emblem within a golden ring, the botanical sprig, and the Cinzel wordmark. It is the definitive expression of the brand and should be used wherever space allows.

THE EMBLEM

The ringed massage illustration may stand alone as an icon for avatars, stamps and small formats.

THE WORDMARK

“AURORA” in Cinzel Bold above “International Spa” in Cinzel Regular, flanked by dashes.

BACKGROUNDS

Reserve the logo for ivory, espresso and sage fields. Avoid busy or low-contrast surfaces.

LOGO USAGE

CLEAR SPACE

Keep clear space equal to the cap-height (x) of the wordmark on all sides. Never let type or graphics intrude.

MINIMUM SIZE

Below these sizes, use the emblem alone to preserve legibility of the fine linework.

MISUSE — NEVER DO THIS

Do not stretch

Do not recolour

Do not rotate

No busy backdrops

COLOUR PALETTE

Warm champagne golds and soft sage greens on a bed of ivory — a palette drawn directly from the mark, evoking natural light, foliage and calm.

SUPPORTING TYPEFACE

Body, quotes & long copy

An unhurried sanctuary of natural touch & *quiet, restorative ritual.*

Set body copy in Regular at generous leading; reserve the italic for quotations and captions, and SemiBold for gentle emphasis.

THE PAIRING IN PRACTICE

THE ART OF STILLNESS

A moment composed with intention

Cinzel sets the name and the heading; Cormorant Garamond carries the sentiment beneath. Together they hold the calm, considered voice of the Aurora identity.

ELEMENTS & VOICE

THE MOTIF & ORNAMENT

The dash-and-diamond rule from the wordmark is our signature divider. Pair it with the botanical sprig from the emblem to frame headings and separate content.

PHOTOGRAPHY DIRECTION

Favour soft, diffused daylight, warm neutral tones, natural textures and unposed calm. Avoid harsh shadows, cool casts and clinical settings.

TONE OF VOICE

WE ARE

Warm, calm and reassuring. We speak simply and sincerely, like a trusted host — “Breathe. You are cared for here.”

WE AVOID

Hype, jargon and pressure. No exclamation-heavy sales talk or clinical language — nothing that breaks the sense of ease.

APPLICATIONS

A preview of the identity in use. These principles carry across every touchpoint — from business cards and treatment menus to signage, packaging and gift cards.
